### Standard Soft Close Drawer Pack

### Pan Soft Close Drawer Pack

### Fitting Pack Contains

5mm twist drill piece  
1 per order

VARIANTA (GRUB)  
SCREW

SCREW

Pair of Drawer Front Clips per Drawer

### Putting Together the Drawer Box

1. Place the drawer back on a hard surface with edged side facing down  
(If purchased a Pan then see step 1 below – attach the side rail holders first).
2. Place the drawer back on the drawer back flushed with the back
3. Place support for the drawer base underneath the other end
4. Place the drawer sides as pictured below
5. If using grub screws then mark out the holes as below
6. Using drill piece provided - drill a hole
7. Otherwise use regular screws to screw the drawer box together

### Attaching Side Rails (Pan Soft Close Only)

#### Extras with a Pan Drawer Pack - Side Rails

#### 1. Screw the Holders onto the Drawer Back

#### 2. Place the Side Rail Cover onto the Side Rail with the bigger end facing the white cap

#### 3. Place the Side Rail into the Holder and Twist until Clicks to Place

When you have attached your drawer front to our drawer box (see instructions overleaf) then line up the side rail with your drawer front and mark out where the cap will have to be attached. Attach the cap using screws provided and attach the side rail onto the cap. Slide the cover over the cap and your drawer box is complete.
